Certification of Prices for the Global Plus Contract with
[REDACTED]

I, Nan K. McKenzie, Manager, Pricing Innovation, United States Postal Service, am familiar with the prices for the Global Plus Contract with [REDACTED]. The prices contained in this contract were established by the Decision of the Governors of the United States Postal Service on the Establishment of Prices and Classifications for Domestic Competitive Agreements, Outbound International Competitive Agreements, Inbound International Competitive Agreements, and Other Non-Published Competitive Rates, issued on February 7, 2019 (Governors' Decision No. 19-1), which established prices by means of price floor formulas.

I hereby certify that the numerical cost values underlying the prices in the [REDACTED] Contract are the appropriate costs to use in the formulas and represent the best available information. The prices, resulting in a cost coverage in excess of the minimum required by the Governors' Decision, are in compliance with 39 U.S.C § 3633 (a)(1), (2), and (3). The prices demonstrate that the Contract should cover its attributable costs and preclude the subsidization of competitive products by market dominant products. International competitive mail accounts for a relatively small percentage of the total contribution by all competitive products. Contribution from Global Plus Contracts should be even smaller. The Agreement with [REDACTED] should not impair the ability of competitive products on the whole to cover an appropriate share of institutional costs.

DECISION OF THE GOVERNORS OF THE UNITED STATES POSTAL SERVICE ON THE ESTABLISHMENT OF PRICES AND CLASSIFICATIONS FOR DOMESTIC COMPETITIVE AGREEMENTS, OUTBOUND INTERNATIONAL COMPETITIVE AGREEMENTS, INBOUND INTERNATIONAL COMPETITIVE AGREEMENTS, AND OTHER NON-PUBLISHED COMPETITIVE RATES (GOVERNORS' DECISION NO. 19-1)

February 7, 2019

STATEMENT OF EXPLANATION AND JUSTIFICATION

Pursuant to our authority under section 3632 of title 39, as amended by the Postal Accountability and Enhancement Act of 2006 ("PAEA"), we establish new prices not of general applicability for certain of the Postal Service's competitive service offerings, and such changes in classification as are necessary to implement the new prices.

This decision establishes new prices for Domestic Competitive Agreements, Outbound International Competitive Agreements, Inbound International Competitive Agreements, and Other Non-Published Competitive Rates. Domestic Competitive Agreements consist of negotiated service agreements with Postal Service customers for domestic services that are categorized as competitive in accordance with 39 U.S.C. § 3642(b)(1)-(2). Outbound International Competitive Agreements consist of negotiated service agreements with Postal Service customers for outbound international services that are categorized as competitive in accordance with 39 U.S.C. § 3642(b)(1)-(2). Inbound International Competitive Agreements consist of negotiated service agreements with foreign postal operators or other entities for inbound international services that are categorized as competitive in accordance with 39 U.S.C. § 3642(b)(1)-(2). Other Non-Published Competitive Rates consist of rates not of general applicability that are not embodied in contractual instruments.

With respect to any product within the above categories, management is hereby authorized to prepare any necessary product description, including text for inclusion in the Mail Classification Schedule, and to make all necessary regulatory filings with the Postal

Regulatory Commission. [REDACTED]
[REDACTED]
[REDACTED]
[REDACTED]
[REDACTED]
[REDACTED]

The Postal Accountability and Enhancement Act (PAEA) requires that prices for competitive products must cover each product's attributable costs, not result in subsidization by market dominant products, and enable all competitive products to contribute an appropriate share to the Postal Service's institutional costs. For agreements subject to this Decision, there are hereby established prices that will enable each agreement to cover [REDACTED] [REDACTED] costs for the relevant product and that conform in all other respects to 39 U.S.C. §§ 3632-3633 and 39 C.F.R. §§ 3015.5 and 3015.7. As discussed in the accompanying management analysis, the Chief Financial Officer (or his delegate(s)) shall certify that all cost inputs have been correctly identified for prices subject to this Decision and that all prices subject to this Decision conform to this Decision and to the requirements of the PAEA.

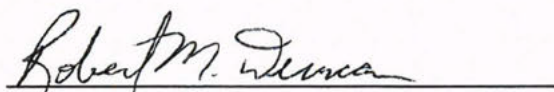

No agreement, grouping of functionally equivalent agreements, or other classification authorized pursuant to this Decision may go into effect unless it is submitted to the Postal Regulatory Commission with a notice that complies with 39 U.S.C. § 3632(b)(3). On a semi-annual basis, management shall furnish the Governors with a report on all non-published rate and classification initiatives, as specified in the accompanying Management Analysis. Not less than once each year, the Governors shall review the basis for this Decision and make such further determination as they may deem necessary. This Decision does not affect postal management's obligation to furnish to the Board of Governors information regarding any significant new program, policy, major modification, or initiative, or any other matter under 39 C.F.R. § 3.7(d), including where such a matter also falls within the scope of this Decision.

This Decision supersedes previous Governors' Decisions setting classifications and rates not of general applicability for competitive products; however, prices and classifications established under those Decisions may continue to be offered until the expiration of their terms, and contractual option periods and extension provisions that are included in the existing and future agreements can continue to be exercised.

ORDER

In accordance with the foregoing Decision of the Governors, the new prices and terms set forth herein for Domestic Competitive Agreements, Outbound International Competitive Agreements, Inbound International Competitive Agreements, and Other Non-Published Competitive Rates and the changes in classification necessary to implement those prices, are hereby approved and ordered into effect. An agreement or other nonpublished rate and classification initiative is authorized under this Decision only if the prices fall within this Decision and the certification process specified herein is followed. Prices and classification changes established pursuant to this Decision will take effect after filing with and completion of any necessary review by the Postal Regulatory Commission.

Management Analysis of Domestic Competitive Agreements, Outbound International Competitive Agreements, Inbound International Competitive Agreements, and Other Non-Published Competitive Rates

This analysis concerns the inbound competitive prices and classifications in the Domestic Competitive Agreements, Outbound International Competitive Agreements, Inbound International Competitive Agreements, and Other Non-Published Competitive Rates (collectively, “competitive instruments”). Competitive instruments are often negotiated with customers and foreign postal operators for better cost coverage, higher overall contribution, and improved service with respect to postal services classified as competitive. They may also arise from other sources, such as the Universal Postal Convention.

The cost coverage for each competitive agreement or grouping of functionally equivalent instruments (collectively, each “product”) will be [REDACTED]

[REDACTED]

Each competitive instrument may have multiple price categories and negotiated components. Examples of such categories or components would be Priority Mail, Priority Mail Express, Parcel Return Service, Parcel Select, First-Class Package Service, First Class Package International Service, Commercial ePacket Service, Priority Mail International, Priority Mail Express International, International Priority Airmail, International Surface Air Lift, Inbound Parcel Post, Inbound Direct Entry, and Inbound EMS services. These or other categories may include other services that the relevant customer or foreign postal operator offers to its customers under differing terms, but that nevertheless are processed and delivered in the same manner within the United States Postal Service’s network. Such instruments may also establish negotiated rates for services ancillary to such items and for customized competitive services developed for application solely in the context of the agreement.

established by these formulas should not interfere with competitive products' ability as a whole to comply with 39 U.S.C. §3633(a)(3), which, as implemented by 39 C.F.R. § 3015.7(c), requires competitive products to contribute a minimum percentage to the Postal Service's total institutional costs. Accordingly, no issue of subsidization of competitive products by market dominant products should arise from 39 U.S.C. §3633(a)(1).

The Postal Service shall submit a semi-annual report to the Governors. The report shall include information on the cost coverage for each agreement or initiative that has been executed under the authority of Governors' Decision 19-1. Agreements classified as non-published rates or rate ranges may be reported as a collective grouping; all other agreements or initiatives are to be reported separately. The report shall also include cost coverage information on any agreements and nonpublished initiatives established under previous numbered Governors' Decisions and Resolutions.
